ALTERNATIVE ECO-FRIENDLY WAYS TO FUNDRAISE FOR WILDLIFE THIS HOLIDAY SEASON:

SCHOOL/WORK GROUP CONTEST

Involve your classmates or coworkers by setting a fundraising goal to achieve together by December 31st. Use our donation form, posters and social media images to help spread the word and achieve your fundraising goal.

SNOWMAN CONTEST

If you’re lucky enough to live in a part of Canada that will have snow in November and/or December, host a snowman building contest and charge each team a set fee that will go towards your fundraising efforts.

BAKE SALE

We all know this is the best time of year for all things sweet and baked. Host a bake sale at your school or place of work to raise awareness and funds for Canadian wildlife.

GET OUTSIDE

Pick an action like walking, running, skiing, snowshoeing, hiking, etc and have your friends and family fundraise for the outing together. You could plan a hike with your friends and family and suggest a donation for the cause. Your friends and family could also fundraise themselves for the outing. By getting outdoors together you are connecting with the beautiful Canadian wild spaces and if you’re lucky enough, Canadian wildlife!

SPORTS TEAMS

Maybe you’re involved in a team sport? This is a great way to spread awareness about Canadian wildlife and wild spaces. Suggest to your teammates that you set a competitive fundraising goal and pick a game day before Dec 31st to combine all of your fundraising efforts - the winner will receive whatever your team deems fit.

GET CRAFTY

Are you a DIY fanatic? Or maybe you’ve always just loved crafting? This year, dedicate the full or partial profits from your crafts to Canadian wildlife and wild spaces – a feel-good gift for you and your customers!

ECO-FRIENDLY SPINACH LASAGNA

INGREDIENTS
Lasagna Noodles
- 1 box of lasagna noodles

Marinara Sauce
- 1 tablespoon of extra virgin olive oil
- 1 red onion - chopped
- 3 cloves of garlic - minced
- 1 15 ounce box of Pomodoro crushed tomatoes or
  (2 15 ounce cans of crushed tomatoes)
- 1 cup of water
- 1/4 cup of red wine or 1 tablespoon of balsamic vinegar
- 1 tablespoon of Italian seasoning
- 2 teaspoons of ground sea salt
- 1 or 2 dashes of red chili pepper flakes
- Black pepper to taste
- 3 to 4 cups of fresh baby spinach

Cashew Mozzarella
- 1/2 cup of raw cashews (soaked for 2 hours and
  drained if you don’t have a high powered blender)
- 1 and 1/2 cups of hot water
- 2 tablespoons + 2 teaspoons of tapioca starch
- 1 Tablespoon of extra virgin olive oil
- 2 small cloves of garlic
- 1 teaspoon of ground sea salt
- 2 teaspoons of fresh lemon juice

INSTRUCTIONS
1. Preheat the oven to 375°
2. Bring a large pot of water to a boil. Salt the water well and cook the noodles
   according to the instructions.

To Make the Marinara
1. Heat the olive oil in a large skillet on medium-high heat. Add the onions and
   sauté until they become translucent. Add the garlic and cook for one minute. Add
   the tomatoes, water, wine or vinegar, and spices. Stir to combine and bring to a
   boil. Reduce the heat to low and simmer for 25 minutes.
2. Hint - put the one cup of water in the tomato box or can and swish around
   to collect the leftover tomato sauce

To Make the Cashew Cheese
1. Blend all of the ingredients in a blender until the cashews are smooth and
   creamy. Approximately 1 to 2 minutes. It should look like milk.
2. Pour the mixture into a medium sauce pan and heat on medium heat. Stir until it
   starts to look like it’s curdling. Turn the heat to low and continue stirring until it
   becomes really thick and stretchy, like cheese. Approximately 3 to 4 minutes.
   Remove from heat and cool for 10 minutes.
   Cheese can be stored in an airtight container in the refrigerator for up to three
days.

Pour a 1/2 cup of sauce on the bottom of a 9 X 11 inch lasagna pan and spread
evenly. Layer three to four noodles (depends on the width of the noodles) on
the bottom of the pan. There can be a slight overlap. Spread 1 cup of sauce over the
noodles and spread it around evenly. Sprinkle dollops of the cheese evenly over the
noodles and sauce. One dollop every inch or two is fine. Sprinkle one cup of spinach
over the cheese and then repeat the process until you have one cup of sauce left.
Spread the last cup of sauce on the top layer of noodles and then the last of the
cheese.

Bake at 375° on the middle rack for 15 minutes or until the cheese begins to
brown. Lower the temperature to 350° and cover with foil. Bake for 45 minutes.
Remove from the oven and cool for 10 minutes so the lasagna can set before you

cut it.

NOTE: Sprinkle some vegan parmesan cheese over each layer and the
top if you desire.
