Dear Mr. Luzny:

Thank you for taking the time to send your letter on behalf of the Canadian Wildlife Federation regarding environmental protection. I have noted your concerns regarding the Imperial Metals tailings pond in Quesnel, British Columbia.

I am proud of our government's record on the environment, especially with respect to development. We have a long history of working closely with partners to conserve our province's biodiversity. As the issues you raised fall within the areas of responsibility of my colleagues the Honourable Glen Murray, Minister of the Environment and Climate Change, and the Honourable Bill Mauro, Minister of Natural Resources and Forestry, I have shared your letter with them, so that they may also be aware of your concerns. I have asked Minister Murray to respond to you directly.

Mr. Luzny, thank you again for writing. I welcome your future comments, and offer you my best wishes.

Sincerely,

A handwritten signature in black ink that reads "Kathleen Wynne".

Kathleen Wynne
Premier
