

Garden Habitat Certification Signs

Let everyone know how much you care about wildlife!

Congratulations, your garden has been officially designated as Certified Wildlife-friendly Habitat! You are now eligible to purchase a sign, exclusively available to those who are certified by the Canadian Wildlife Federation. Place either of the two attractive signs on your property to promote your garden as a safe and sustaining place for wildlife and to encourage others to create wildlife-friendly habitat in their own gardens!

If you choose to purchase a sign and would like to include a donation with your order, your contributions will help support CWF's conservation education programming. From sharing CWF's work with your family and friends, to making a donation, your support goes a long way to help wildlife. We are not able to do this work without you, so thank you.
