

COLIN STARKEVICH

Group 15 | Wolfpack

“The program allows a lot of passionate, like-minded people (from CCC participants to the supervisors) with an interest in conservation to come together and inspire one another. My CCC experience has taught me a lot of skills for success to use in my Stage 3 project and moving forward with my own like. I am extremely grateful for all the amazing new people I met through my CCC experience.”

HOMETOWN:
Edmonton, AB

STAGE 1 ADVENTURE:
Algonquin Park snowshoe and dogsled expedition

STAGE 2 PLACEMENT:
Petty Harbour Mini Aquarium, Petty Harbour, NFLD.
Research and outreach with the Petty Harbour Mini Aquarium

STAGE 3 PROJECT:
Developed a nest box program that distributed free nest boxes for small owls and waterfowl species in Edmonton. The boxes were distributed free to individuals as well as to the Birds of Prey Centre in Edmonton to provide nesting for injured or orphaned birds of prey.
